

Herity Launchpad

From WEB 2.0 to LAYER 2

Pitch Deck

herityseed.io

Herity Launchpad is a revolutionary platform that provides a safe and secure investment opportunity for small and medium investors. With a focus on ensuring AML compliance, all projects featured on the platform are thoroughly verified and enforce the presence of a real legal company. This commitment to diligence and compliance offers investors confidence and trust, knowing that their hard-earned money are protected.

The platform presents a curated selection of vetted legal projects, creating a safety net for investors as they venture into the world of WEB 3 investing. By offering a platform specifically designed for verified projects, Herity Launchpad eliminates the risk associated with fraudulent or illegitimate ventures.

Herity Seed launchpad goes beyond traditional investment opportunities by creating an ecosystem that caters to both web2 and web3 projects. Whether it's a cutting-edge technology startup or a blockchain-based project, Herity Launchpad provides a unique environment for these ventures to take off successfully.

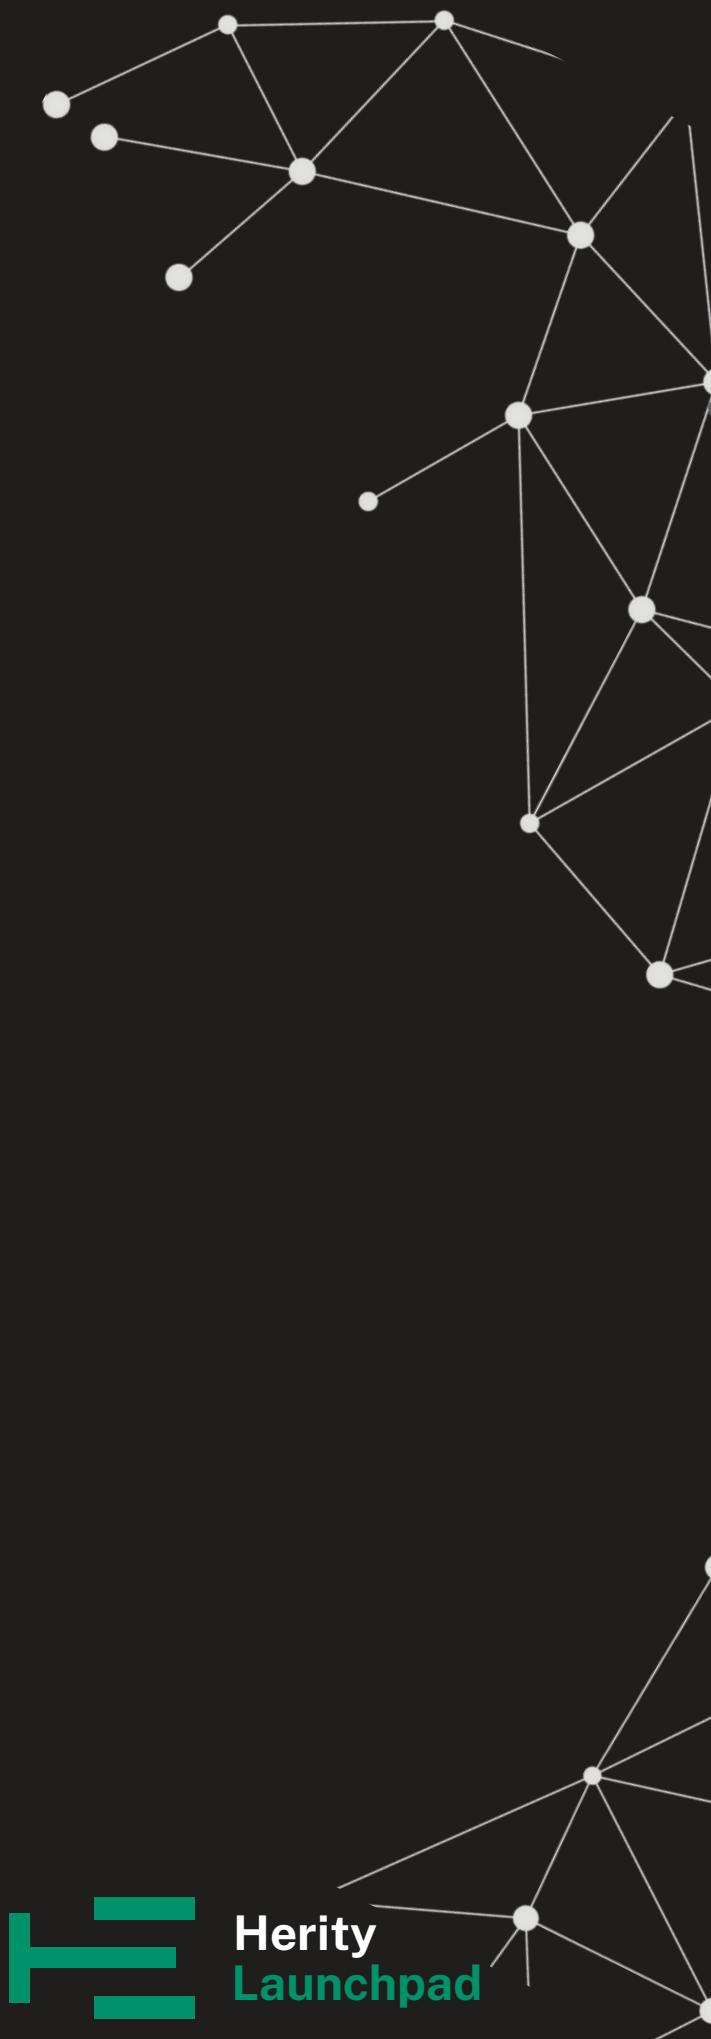

product

Herity Launchpad is an innovative and forward-thinking B2B company that specialises in **blockchain KYC (Know Your Customer)** verification.

We provide transparency and incubation for our Seed projects as a first helping hand as well as validator for their ideas.
